

PARBOLD PARISH COUNCIL

To assist using this website the following Plugins may be useful...

“Plugins” can extend reading support for people with disabilities or those who just want more comfortable ways of interacting with web content

Changing the way a page is displayed:

Alternative ways of getting **magnification** include using speed reading plug-in like... [Speed for Google Chrome](#) or using page de-clutter tools like [Reader for FireFox](#) or [Reader View for Chrome](#). These allow control on both text size and background colours.

You can also **change colours** instantly using [HighContrast](#) for Chrome or [NoSquint](#) for FireFox.

Read more effectively

Skim read a page via headings [HeadingsMap \(FireFox\)](#) and [HeadingsMap \(Chrome\)](#) extract all the headings and subheadings into a navigable list - an excellent way of seeing how the content of the whole page fits together.

Listen to content

Listen to a page using a plugin like the excellent [Google Selection Reader](#)
